

The “Power of ProShip and SAP Combined”

It's about...SPEED, COMPLIANCE, SUPPORT & SAP

- Tested and certified by SAP
- Seamlessly integrated in SAP Landscape
- Uses Core SAP shipping functions and objects

SAP® Certified
Integration with SAP Applications

Compatible

UPS Ready

Best Way Technologies, the developers of ProShip, has partnered with SAP building a “SAP Certified” multi-carrier parcel/LTL shipping solution.

The **ProShip Autobahn** solution is exactly what SAP customers are looking for, an integrated shipping solution to manage parcel shipping directly from the SAP Landscape.

- Seamlessly integrates the “Power of ProShip” with core SAP functionality.
- Fully developed in the native SAP program language (ABAP) and to SAP “Best Practices”.
- While business functions are being processed in SAP all parcel carrier compliance, output and manifesting are handled within the **ProShip Server**.
- **ProShip Server** enjoys the status of holding the **most carrier certifications**, being the **fastest Tier 1 rating and shipping engine** and supported by a **best of class support** center.
- In addition to using **ProShip Autobahn**, users may also access shipping transactions via ProShip Office (browser) and ProShip Velocity (rich client interface).

“Complete packing and shipping application with the best carrier rating engines in the industry”

ProShip Autobahn:

- Works with standard SAP business objects such as deliveries, shipments and handling units which makes training a breeze.
- Designed for efficient implementation generating a quick return on investment.
- Has done the heavy lifting for you but if you still need customization, no problem. SAP customers have the option of leveraging their own ABAP expertise or utilizing our SAP shipping expertise as needed.
- Allows for packing, shipping, rate shopping, tracking and more all from within SAP.

ProShip Autobahn includes our:

- 1) “Pack and Ship”
- 2) “Scan and Ship”
- 3) “AES Direct”
- 4) & much more!
